REDUCING EXPENSES

World's Fair Officials Are Becoming Economical.

SAVING MONEY EVERYWHERE

Many Employees Are to Be Dispensed With—Two Special Celebrations—Flight of Carrier Pigeons—Anthony Comstock at the Fair—Other Events at the White City.

CHICAGO, Aug. 4.—Pruning down on expenses continues to be the active occupation of the world's fair management. Each day the number of employees are becoming smaller, and it is believed that by the last of the week the great white city will be working on a bedrock basis financially. It has been decided to reduce the secret service force, the number of gate men and ticket sellers, the Columbian guards, and to materially lessen the number of passes, and it is believed that before the close of the week the committee on ceremonies will have been abolished.

There is talk that the foreign affairs department may also be done away with, and that the duties now performed by the department will be placed in control of the director general. In this way the management hopes to save from \$500,000 to \$750,000 and that of itself shows that the finances are down to an economic basis. Expenses, it is said, are about \$15,000 per day, which is as close as could be expected in a plant of such magnitude. Of course the attendance will determine the final outcome of the fair, financially, but with conservative management the bonds ought to be paid out with a possible surplus besides.

Iowa Editors.

Iowa editors and their families, to the number of nearly 500, were at the fair yesterday, celebrating Iowa press day. They came to the grounds in a body and went out once to the Iowa state building. President J. W. Jarnagin of the Montezuma Republican called the meeting to order and made a short address of welcome. Lafayette Young of the Des Moines Capital responded to this.

Speeches were also made by Commissioner Eibork. After the meeting refreshments were served, and then the editors took an excursion around the grounds on the cars. On disembarking the association marched to the administration building, where it paid its respects to the national commission. Later in the afternoon a reception was given in honor of the visiting editors at the Iowa building by the Iowa board of lady managers.

A Russian Celebration.

The subjects of the czar of all Russia had a celebration at the white city yesterday, in honor of Empress Marie. It was called "name day" which the Russians held as of more importance than their birthday, and looked forward to it, promising themselves a merry time. The Empress Marie who was, before her marriage, the Princess Dagmar of Denmark, is very popular in Russia. She attends all public functions, and does more mixing with the common people than any other member of the royal family. She has established a number of free schools and has many young men attending college at her expense. She takes particular interest, too, in the education of young women.

All of these things endear her to her subjects, and this is why her "name day" was chosen for official celebration at the fair. The celebration began with religious ceremonies in the Russian church on West Madison street, at which Archbishop Nicholas presided. These were followed by a concert in Festival Hall at Jackson park. A Russian band furnished music under the leadership of Conductor Glawatch. The entire exposition orchestra participated in the orchestral numbers and supported in the choral selections of the program a chorus of Russian singers who are residents of Chicago. The celebration of Russian day concluded with a dinner given to the members of the Russian jury of award, and to the presidents and vice presidents of the foreign judges of awards at the Lexington hotel.

Flight of Carrier Pigeons.

Five carrier pigeons were released from the government plaza. They were sent here by parties residing at Buffalo. After circling about the big world's fair building a few minutes, the birds took an easterly course and soon they disappeared from sight. This is the first of a series of experiments to be made by the war department, in which it is intended to demonstrate the use to which pigeons may be put in time of war.

DANCING GIRL, PERSIAN THEATER.

Anthony Comstock at the Fair.

CHICAGO, Aug. 4.—Among the callers on President Higginbotham of the fair was a mild-mannered man, who waited half an hour while other callers engaged

the attention of that official. The visitor was Anthony Comstock, the well known crusader against vice. As he went out he dropped a catalogue of the Midway Plaisance, upon the leaves of which were memoranda showing that he had visited the theaters of the Persian and Algerian dancers. It is the intention of Comstock, in case the world's fair officials refuse to suppress several objectionable shows on the Midway Plaisance, to appeal to the city authorities to purge the fair of the offensive exhibitions.

EXTRA SESSION OF CONGRESS.

What Some Representatives Have to Say About It.

WASHINGTON, Aug. 4.—Representative Springer of Illinois, chairman of the ways and means committee in the last congress, was at the capital. He thinks congress will not be in session for more than a week or 10 days in August. In that time Mr. Springer thought the silver purchase clause three, of the Sherman act could be repealed and the ways and means committee could be empowered to draft a tariff bill for submission to congress when it reconvened, which should be some time in October.

This committee, Mr. Springer said, would doubtless report one general tariff bill instead of a specific bill of that policy had done good service last congress, but the time was now at hand when the Democratic party must redeem its pledges and reform the entire tariff system. To do this would not involve any radical change in the rules of the house, for Mr. Springer believes that the majority can always reach an expression of its will through the committee on rules, which can bring in a special rule to fit each case as it arises.

"If the president parts company with the Chicago platform I believe his party will part company with him," were the significant words uttered by Representative Oates yesterday, as he discussed the situation. "The Chicago platform, upon which he was nominated and which the people endorsed in such thundering tones last November, calls for the repeal of the Sherman law and the maintenance of gold and silver as money upon a parity. Any scheme which contemplates the abandonment of the use of silver is antagonistic to that declaration of principles and will not be supported by the congress that is to convene next week."

Mr. Oates looks for the repeal of the Sherman law with a condition that will provide for the free coinage of silver at an increased ratio.

Senator George arrived from Georgia. He believes there will be money for his people to move their crops and that with the movement of cotton easier times will result. Upon the silver question the senator reiterates the views expressed in all his speeches in the west and says he is a friend of that metal.

Senator Squire of Washington takes the ground that the president should be allowed to deal with the silver question in his own discretion. He believes that it would be good policy for congress to pass a joint resolution permitting the president to suspend the operation of the silver purchase section of the Sherman law in his discretion. He also thinks well of the interconvertible bond scheme suggested by Representative Tom Johnson of Ohio, and feels that it would add much elasticity to the currency.

Mr. Bland, champion of free coinage, arrived yesterday and was soon in consultation with the members of his faith who are in the city. He said the friends of silver had agreed upon no plan of campaign other than that they were opposed to the repeal of the Sherman law, unless they were first given free coinage of silver. Mr. Bland, in speaking of the ratio, said he saw no reason to change that now in force. So far as the possibility of repeal was concerned, Mr. Bland was emphatic in his declaration that the unconditional repeal of the purchasing act could not be accomplished in either house.

Two Hundred Houses Burned.

LONDON, Aug. 4.—The Paris correspondent of The Times says that nearly one-third of the town of Port Louis, the capital of the Island of Mauritius, was destroyed by fire on July 23. Eight streets were burned, including the Rue De La Chaussee, the principal commercial thoroughfare, on which were located the offices of the leading French and English merchants. About 200 houses, most of which had withstood the great hurricane of 1892, were consumed. The loss amounts to more than 1,000,000 rupees.

Found His Dead Body.

TIFFIN, O., Aug. 4.—Simon Billman, aged 40, left his home in Republic, taking with him his gun. When he did not return in the evening, a searching party was organized, and after an all-night search his dead body was found in the woods, where he had committed suicide by placing the muzzle of the gun near his heart, the butt against a tree and discharging the weapon with a ram-rod. He leaves a widow and one child.

Strike Imminent.

INDIANAPOLIS, Aug. 4.—There are no new developments in the streetcar situation here, but a strike is imminent. It is said that a wholesale discharge will be made of conductors who have failed to register fares. Fifty men are reported to be implicated. The Brotherhood of Streetcar Men will resist if a wholesale discharge is ordered, and every line in the city will be blocked.

Further Arrests at Tipton.

TIPTON, Ind., Aug. 4.—Watson Pitzer and Joseph Pressler, arrested for attempting to liberate Calvin Armstrong, made a confession and implicated J. K. Armstrong, the treasurer, as the man who planned the escape and furnished the money. Armstrong was arrested and lodged in jail. The boys were released on bonds of \$500 each.

FRANK VAN LOON HANGED.

The Columbus Grove Murderer Pays the Death Penalty For His Crime.

COLUMBUS, O., Aug. 4.—Yesterday was the last day on earth for Frank Van Loon, the murderer, who has made such a fight for life. Early in the morning David Van Loon, the condemned man's father, Mrs. Van Loon, the prisoner's wife, and their attorney, E. L. Dewitt, were at the governor's office. Other visits were made during the forenoon, but Governor McKinley kindly but firmly refused to interfere with the execution of the laws sentence.

This fact was made known to Van Loon in his cell, by his brother-in-law, Oyler, and the prisoner at once became roaring wild, and totally collapsed. He afterwards became quieter and engaged with Chaplain Dudley in prayer. He bade his wife and relatives farewell in a very cool and indifferent way. It was feared by the prison officials that they would be obliged to strap him to a board on the scaffold.

During the afternoon a telegram was received that Van Loon's child was dying at Galena, O. It had been ill for some time.

In the evening Van Loon sent for the prison chaplain and after prayer received the rite of Christian baptism. He bade a tearful farewell to his father and brothers, having taken leave of his wife earlier.

At 11 o'clock the death warrant was read to him in the death cell by Warden James. At 12:10 he appeared upon the scaffold with a smile, and after repeating the 11th verse of the seventh psalm, and singing a song of "Nearer, My God, To Thee," he made a speech protesting his innocence.

He said: "In the straps of death I am innocent of the crime, and I hope God will forgive those who have sworn my life away." He was dead in 13-12 minutes after he shot through the trap.

The crime for which Van Loon suffered death was committed at Columbus Grove, O., Aug. 8, 1891. That day he entered the Exchange bank there and, flourishing two revolvers, demanded the bank's money of Cashier Maple. Before that gentleman could do anything Van Loon fired at him three times, two of the shots taking effect in Maple's arm and side.

At this moment William Vandemark, an old farmer, entered the room. Van Loon started to leave and, meeting the old man, placed a revolver against him and fired into his abdomen and then fled. Vandemark died the next day. The bank was then deserted and the bandit helped himself to the cash, taking about \$1,200. He made good his escape, as the people of the town were terrorized.

William Roberts was arrested for the crime and positively identified by witnesses but afterward released and Van Loon arrested. The latter, who had always been broke, displayed large sums of money to some relatives who disliked him. After a hard fought trial Van Loon was convicted. The case was contested through the circuit and supreme courts, the sentence of death being confirmed in each.

BEHRING SEA ARBITRATION.

A Decision Expected in the Very Near Future.

WASHINGTON, Aug. 4.—Indications that the Behring sea arbitration commission will conclude its deliberations and agree on its decisions before the end of this week, if it has not already done so, are given in the official information received at the state department that Senator Morgan and Justice Harlan, the arbitrators on the part of the United States, will sail from Southampton for New York on next Saturday, the 5th inst.

It is stated at the state department that Messrs. Morgan and Harlan could not leave Paris until the arbitrators had agreed on their verdict and it is presumed that the commission set a date for voting on the five points at issue, thus enabling the gentlemen mentioned to make definite arrangements for sailing. They will sail on the American line steamer Paris. Mr. Thomas H. Sherman, late consul at Liverpool, will accompany them.

Men, Horse and Wagon Missing.

ZANESVILLE, O., Aug. 4.—Eli Burns, a glassblower who resides in this city, but who has been working in Dunkirk, Ind., started home overland in a wagon, which he had purchased, in company with a friend. His wife heard from him at Eaton, O., July 15, but since that time nothing has been heard from him. She fears he may have been foully dealt with, as he had considerable money with him. He is held in high esteem here and has been very fond of his wife and children, who can not explain his absence on any other theory.

The Mystery Deepens.

SPRINGFIELD, O., Aug. 4.—The mystery surrounding the unknown dead man here deepens. Wednesday night he was identified as K. J. Carson, son of Mary Carson of Urbana, by Officer Lee of West Liberty where he worked for five weeks for Farmer J. S. Black. Yesterday morning Mrs. Carson pronounced the remains not those of her son. The fellow, it is evident, was sailing under a false name. Why he did so, and who he really is is unknown. The remains will be kept on exhibition two weeks yet.

Shot by a Robber.

CHICAGO, Aug. 4.—While William Wachter, a farmer living at Mount Morris, Ill., was returning to his home from the city Wednesday night he was stopped at the intersection of Archer and Keese avenues by two thieves who attempted to rob him. Wachter showed fight whereupon one of the thieves drew a revolver and shot him in the back, inflicting a fatal wound. Both robbers escaped.

DISTRESSING ACCIDENT.

Four People Killed and Fifteen or Twenty Others Injured.

BOSTON, Aug. 4.—A distressing accident that has resulted in the death of four people and injuries to probably 15 or 20 others occurred last night at the Chelsea Yacht club on Broadway Chelsea near the Charleston bridge over the Mystic river.

It was illumination night at the club house and a large crowd was in attendance, including many ladies. A band was playing on the pier in front of the clubhouse and many people had filled the balcony directly over the musicians' heads. Suddenly the balcony gave way and its occupants were thrown upon the pier and many of them into the water.

An alarm of fire was sounded and the firemen who responded, did grand work in rescuing those found floating in the water, securing the bodies of the drowned and helping to care for the injured.

The Dead are:

J. B. Warren, Chelsea.
A. L. Pemberton, Melrose.
Mrs. Augusta P. Shuman, Chelsea.
Mrs. A. A. Putnam, Chelsea.

The injured are:

Mrs. Mary Van Voerst of Revo, badly bruised about the body.
A son of the above, slightly injured.
Mrs. L. E. Barnes, Chelsea, bruised.
Miss Sallie Davis, Chelsea, fracture of skull.

Thomas Mitten, fractured arm.
Mrs. J. P. J. Lynde, Chelsea, bruised.
Miss Josie Grimes, injured about limbs.

Miss Fannie Newman, bruised.
Miss Mary Billain, badly shaken up.
Miss Eva Winnott, badly bruised.

Ex-Councilman Charles H. Foye, Chelsea, bruised.

Mrs. Morton, Chelsea, bruised.
Miss Annie Farley, Chelsea, feet crushed.

Jerry McCarthy, internal injuries.

The more seriously injured were taken to the United States naval hospital and to the Frost hospital, where their wounds were dressed, while many were able to go to their homes unassisted.

HOW MANY AND HOW MUCH?

Indianapolis Figuring on People and Profits of the G. A. R. Encampment.

INDIANAPOLIS, Aug. 4.—A quarter of a million people will be here during the Grand Army encampment one month from now, and Indianapolis will make \$5,000,000. Such is the estimate of the committee who have the affair in charge.

The heaviest attendance will be on Tuesday, Wednesday and Thursday, but the committees have arranged the program so skillfully that the majority of people will remain in Indianapolis the whole seven days.

Reports from the state at large indicate that 20,000 of the 24,000 Grand Army men in Indiana will attend the encampment. The total attendance of Hoosiers, soldiers and citizens will be 100,000. Ohio and Illinois together will contribute a delegation as large. Seventy thousand men will be in line in the great parade, it is believed. From the rate at which quarters are being assigned the coming Grand Army encampment will be the greatest in history.

TO MOVE ON WASHINGTON.

Silverite Committeemen and Such Finish Up at Chicago.

CHICAGO, Aug. 2.—The general committee elected by the silver convention met at the Palmer House and effected a permanent organization by electing General A. J. Warner of Ohio as president and George F. Washburn of Boston as general secretary. Colonel A. C. Risk of Colorado and H. E. Taubeneck of Illinois were made honorary members of the committee.

Addresses were made by Congressman Bryan of Nebraska and other silver advocates, and it was decided that the officers of the general committee, together with the members of the sub-committee, should meet in Washington next Tuesday. They will probably remain there until the close of the session of congress.

Prisoner Escapes.

JEFFERSONVILLE, Ind., Aug. 4.—William Alsop escaped from the prison south. He was a trusty. Alsop was sent up for cattle stealing for one year from Pike county, having served several previous terms for the same offense. He had only three months more to serve. He was a railroad. After serving his last term he tried to straighten up when he was arrested on an old charge while visiting his sick mother in Pike county, the only reason for his arrest being that some one wanted the reward of \$25 against him. He has a wife who is of Indian descent and owns a large tract of land and considerable money in the Indian territory. It is believed that he has gone there.

Railroad Trains Collide.

COVINGTON, Ind., Aug. 4.—A gravel train, westbound, and a through freight, eastbound, came together at Foster, five miles west of this city, overturning the eastbound engine and demolishing several cars. Just before the collision the engineer of the gravel train reversed his engine and jumped off, the remainder of the crew doing the same. After the collision his engine started back at full speed, passing through here and going eastward until it reached a heavy grade, where it was stopped. The employees of neither train were injured.

Death of a Railway Engineer.

JEFFERSONVILLE, Ind., Aug. 4.—Jacob G. Woolley, formerly a Jeffersonville, Madison and Indianapolis railway engineer, died at Dundee, Ky., yesterday. He was 55 years old.

CURRENCY FAMINE.

One Is Now Existing in New York City.

PREMIUMS FOR SMALL BILLS

The Rate Ranging From \$2.50 to \$25 Per \$1,000—The Demand From Interior Banks Unabated but Very Little Being Shipped—Other Financial News.

New York, Aug. 4.—The overshadowing feature of the financial situation have come to be the scarcity of currency. From all over the country there has been such a continued demand for bills of small denomination, and New York has responded so freely to the requests of out of town banks, that now the Metropolis itself is suffering from what very closely approaches a currency famine.

For several days money brokers have been offering premiums of from \$2.50 to \$10 per \$1,000 for small bills—\$20 and under—and yesterday the bids were advanced to \$20 and \$25. Considerable business is known to have been done at these figures. One firm—Zimmernar & Forsyth—admitted that they had bought currency in large amounts for customers for use in making up the coming Saturday pay rolls, but where they secured the money they declined to say.

The banks, with one accord denied that they had parted with any funds for a premium. One source of supply was suggested in the large retail stores up town, whose receipts from day to day are in small bills. Certified checks were offered to them in exchange at premiums ranging from 1 to 10 per cent. How much were secured in this manner can only be estimated. The daily receipts at some of these stores must be figured in thousands of dollars.

The demand from country banks was unabated, but comparatively little money was shipped. When the need was known to be urgent the request was not refused, but the shipments were generally made in gold and silver. The banks of Chicago, Philadelphia and Boston are blamed for the present situation to the extent that they have failed to take proper measures of relief, and New York has been called upon to supply the whole country. To do this, the banks here have taken out clearing-house loan certificates to the amount of \$63,050,000.

At the Stock Exchange money on call was obtainable at 3 1-2 to 5 per cent. Time money and mercantile paper were neglected. The treasury was \$273,000 debtor at the clearinghouse, and paid its difference in gold. The usual 10-day statement of the kinds of money in which customs payments at this port are made shows a large increase in gold coin. The payments for the past 10 days show that 12 1-2 per cent of the total was in gold coin, and 4.6 in gold certificates, or over 17 per cent, which is the largest proportion of gold coin in years.

CONGRESSMAN JOHNSON'S REMEDY.

He Has a Bill Which He Thinks Will Relieve the Financial Pressure.

CLEVELAND, Aug. 4.—The Hon. Tom L. Johnson has laid before the chamber of commerce a bill designed to afford prompt and adequate relief from the financial pressure, which, he states, he will introduce in congress during the first day of the session. The bill provides that any holder of bonds of the United States may, after the passage of this act, deposit such bonds at the treasury of the United States, or at the office of any assistant treasurer of the United States, and receive therefor their face value in treasury notes of the United States, as described in the act of July 24, 1890.

Such bonds shall be held as a special deposit to the credit of the party depositing them, and during the time they are so held shall draw no interest, and shall be returned on the order of the party depositing them on the payment of their face value in United States currency. The secretary of the treasury shall make such regulations as may be necessary to save the government the payment of interest on such bonds during the time they are held as a special deposit, and he is hereby authorized to issue treasury notes to the amount needed and to provide for the cancellation of an equal amount of such notes on the return of said bonds to their owners.

No More Silver Certificates.

WASHINGTON, Aug. 4.—No more silver certificates will be issued by the treasury department for the present, as the limit prescribed by law has been reached—that is to say as many silver certificates are outstanding as there are silver dollars coined and in the treasury to redeem them. Under the Bland act \$39,930,374 standard dollars have been coined. The reduction in the number of standard silver dollars in the treasury has been brought about by the large demand recently for silver dollars from Georgia and the Carolinas and to pay off hands at work on the cotton crop.

Bank Suspended.

ST. PAUL, Aug. 4.—The National German American bank, capital \$2,000,000, has suspended. President Lockridge, addressing the public, speaks of the unreasonable temper of depositors and steady drain upon the assets necessitating temporary suspension.

WEATHER INDICATIONS.

Variable winds; warmer; fair weather.

The financial condition throughout the country must certainly improve. Gold is flowing back steadily from Europe, and the New York banks are shipping large amounts of currency to all parts of the country to move the crops. The general effect will be a loosening of the tight money market.

The story sent out from Rome, O., that Secretary Hoke Smith had been hanged and burned in effigy was untrue. As any one of the numerous Kentucky editors who claimed the only original authorship of the remark, which was in fact first perpetrated by the New York Sun, would say the Rome story is merely another Hoax myth.

The Atlanta Constitution says that Georgia's melon crop this year is estimated to be worth nearly a quarter of a million dollars to the farmers and perhaps a hundred thousand dollars to the railroads in the State. The State's crop will run up to 8,000 car-loads, it is said, and at \$60 a car the farmers will get almost a quarter of a million dollars.

CLEVELAND'S LETTER.

The Text of This Famous Protest Against Free Coinage

The silver letter of Mr. Cleveland, dated February 10, 1891, and addressed to the Chairman of a meeting called to protest against free coinage, was said by the time-serving politicians to make his nomination difficult and inexpedient and his election impossible.

Mr. Cleveland is now President. He has called Congress together to repeal the Sherman law. These facts give a fresh interest to that letter of 1892, as an index of the recommendations which will be contained in his message next week. Here is the letter in full:

E. Ellery Anderson, Chairman—Dear Sir: I have this afternoon received your note inviting me to attend to-morrow evening the meeting called for the purpose of voicing the position of the business men of our city as to "the free coinage of silver in the United States."

I shall not be able to attend and address the meeting as you request, but I am glad that the business interests of New York are at last to be heard on this subject. It surely cannot be necessary for me to make a formal expression of my agreement with those who believe that the greatest peril would be invited by the adoption of the scheme embraced in the measure now pending in Congress for the unlimited coinage of silver at our mints.

If we have developed an unexpected capacity for the assimilation of a largely increased volume of this currency, and even if we have demonstrated the usefulness of such an increase, other considerations fall far short of insuring us against disaster if in the present situation we enter upon the dangerous, the reckless experiment of free, unlimited and independent silver coinage.

Yours very truly,
GROVER CLEVELAND.

The shut-down of the Edison phonograph works is only partial. One hundred and fifteen men and girls are still at work. The total number discharged was 240. They were discharged without a moment's notice. Mr. Edison issued the following statement: "The phonograph works have been shut down because we have nearly completed all the orders on hand, and the proprietor thereof seeing that the country had resolved itself into a national lunatic asylum decided to wait until the wave subsided somewhat."

Marshals McChesney and Connolly locked them up on a charge of disorderly conduct, Thompson's trial is set for one day next week, his Deputy was fined \$11.

In the absence of the Chairman, Clerk O'Hare called the meeting to order, and announced that it was necessary to elect a Chairman. Several nominations were made and all asked to be excused. Mr. E. A. Robinson was finally elected to fill the Chair.

All the members of Council were present at the regular meeting last night, except Cox, Blattnerman and Pearce. Mr. Ficklin came in after roll call.

Minutes of the previous meeting was read and adopted.

Committee on Internal Improvement was instructed to commence work on Main street, in the Sixth ward.

Drain at foot of Walnut street reported completed.

The question of running the water mains west of Lower, on Third street was discussed quite freely, but as the Superintendent of the water company could not give the desired information, the matter was postponed until he could ascertain cost of work, and let Council know what the company would expect from the city.

Marshal reports seeing the residents on Forest avenue in reference to putting down pavements.

The old brick house on Fourth street that had been reported as a nuisance, was ordered stricken from the minutes.

On motion the regular order of business was suspended, and Mr. John G. Hickman allowed to make a statement in reference to the Greenwood fund and interest thereof and asked that it be paid over to the library, as they were in need of money. On motion the amount of \$25 was allowed the library.

New city clock stricken from the minutes.

The City Prosecutor was instructed to collect Fuel Gas Company bill, by suit or otherwise.

The Internal Improvement Committee was instructed to place stone steps in Cherry alley approaching Third street.

The Potter lots that were improperly assessed were refunded \$2 on same.

A lengthy discussion was had on the Ed. Walton case, he has been in the City Infirmary since some time last winter, and on entering agreed to pay his board when he received some money that was coming to him. He has come into possession of several hundred dollars and now asks to be excused from paying his board, but the city fathers could not see it that way and he will be expected to plank down his \$2.50 a week for the time he has been boarding with the city, and that he be discharged from City Infirmary.

Policeman Bland was granted a leave of absence for a few days to enable him to attend to some business out of the city.

There was not much said about the new city charter, the members of Council not being familiar with the instrument, but from what transpired last night there seems to be some fun ahead.

John F. Ryan made a proposition in reference to the city clock, but as the city has a contract with another party they took no action.

An ordinance on election offered by Mr. Haulman was referred to Committee

on Laws and Ordinances. Mr. Newell offered as an amendment to same that the committee be instructed to draft laws and ordinances governing elections and report August 17, at 7:30 p. m.

First Ward—Jacob Outen's shop.
Second Ward—James Redmond's shop.

Fifth Ward—Wm. Crowell's store.
Sixth Ward—Reuben Hunt's residence.

George Clinger, of the Sixth ward, and N. B. Smith, of the Fourth ward, asked that taxes be refunded that were improperly assessed. Referred to Committee on Propositions and Grievances.

The Presbyterian Church asked permission to dig a sewer in the alley east of the church. Referred to proper committee.

A motion was made that the Collector and Treasurer be allowed to receive taxes until September 1 without the additional 5 percent, as an inducement for tax-payers to come forward and settle. Carried.

A bill for \$5,000 was presented from the water company for the second payment for work in the Sixth ward.

The Ways and Means Committee were instructed to dispose of two notes of \$1,000 each that the city holds, and to borrow \$10,000 to meet current expenses.

Delia Habsen, colored, applied for relief and her case was referred to the proper committee.

PENSIONERS MUST WAIT.

The Western Banks Afraid of the Government Checks.

The following is sent out from Washington, D. C.: "Owing to the disinclination of the national banks to part with the currency, it is probable that pensioners who are to be paid this month will experience a delay in receiving their money."

"Several banks in the West have notified the Treasury Department that in view of the financial stringency they do not feel justified in cashing the pension checks."

Pension Agent Walton, of this State, forwarded his monthly report Tuesday. It showed a payment for pensions in July of \$33,590. This is the smallest disbursement for any month of the year. The quarterly payment will be made to-day and Saturday. The office is anticipating a rush and will doubtless have one. Dr. Walton says pensioners need not expect a speedy payment, as no extra clerks have been allowed him by the department, and the working force can not wait upon those who will call as speedily as might be wished.

CHARLES DAVIS and Bettie Taylor, colored, were married Wednesday night, by Judge Phister.

THE MITCHEL & O'HARE Hardware Company were awarded the contract for furnishing the city 700 feet of hose for the fire companies, they being the lowest and best bidders.

J. J. FITZGERALD, the plumber, of West Second street, was awarded the contract yesterday for the plumbing work on the court house at Carlisle, and the citizens of Carlisle and Nicholas County can rest assured that the work will be properly done, as Mr. Fitzgerald is one of the very best plumbers in the State.

THE DOVER NEWS says: "Mr. Frank P. O'Donnell, of Maysville, is announced in this issue of the News as a candidate for County Attorney, subject to the action of the Democratic party. Mr. O'Donnell stands in the front ranks among the promising young lawyers of this county, besides he is a protégé of the late Hon. William H. Wadsworth, of Maysville. Mr. O'Donnell solicits your support."

BORN ON A CAR.

A Youngster Makes His Appearance in the World in a Pullman Sleeper.

Mrs. Fraser, wife of a lawyer from England, has been staying in Washington, D. C. She started to St. Louis to visit relatives a few days ago, on the Southwestern Pennsylvania limited. Several hours after the train pulled out from Washington, there was a commotion in the coach in which she was traveling and all of the male passengers were hurried out of the car. In about an hour they were allowed to return. Although the train had not stopped while they were out, they found on their return another passenger in the car. Mrs. Fraser and the boy baby were both well when last heard from. The name of the sleeper in which the child was born is "Polonius," and from remarks dropped by the proud father it is probable that the new arrival will go through life with the cognomen of Polonius Fraser.

Died From Heat.

BRAZIL, Ind., Aug. 4.—Mrs. Julia Haines, aged 17, the pretty young wife of Ira Haines, living north of the city, died yesterday. Two weeks ago she was carrying her babe along the road when she was suddenly overcome by heat and fell by the roadside, where she lay in the broiling sun for several hours. She never rallied from the shock. This is the first fatality from sunstroke reported in this county.

Digging for Gold.

PORTLAND, Ind., Aug. 4.—Ben Fulton, a contractor of this city, is of the opinion that there is gold underlying Jay county, and with that end in view, is sinking a shaft in Jackson township in search of the yellow metal. He is backed by a mineralogist who is of the same opinion.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs. Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance. Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

CASTORIA

"Castoria" is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ANCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.
"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach."
CARLOS MARTIN, D. D., New York City.
"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results."
